Arboretum Silverleaf Income Fund, L.P.

Formed in Delaware on January 14, 2016

SEC Registered Investment Manager:

Arboretum Investment Advisors, LLC

Formed in Delaware on March 3, 2016

Company Overview

Our Business:

Our principal investment strategy is to invest in business-essential, revenue-producing (or cost-saving) equipment and other physical assets with high in-place value and long, relative to the investment term, economic life and project financings. We expect to achieve our investment strategy by making investments in equipment already subject to lease or originating equipment leases in such equipment, which will include: (i) purchasing equipment and leasing it to third-party end users; (ii) providing equipment and other asset financing; (iii) acquiring equipment subject to lease and (iv) acquiring ownership rights (residual value interests) in leased equipment at lease expiration. From time to time, we may also purchase equipment and sell it directly to our leasing customers.

The life cycle of our fund is divided into three distinct stages: (i) the Offering Period, (ii) the Operating Period and (iii) the Liquidation Period. Our Offering Period commenced on August 11, 2016 and concluded on March 31, 2019.

During the Offering Period, the majority of our cash inflows were derived from financing activities and the direct result of capital contributions from Limited Partners.
