## STATEMENT REGARDING THE EFFECTS OF COVID-19 ON OUR BUSINESS:

The disruptive nature of the coronavirus pandemic has been felt across all businesses in every industry both around the country and the world. In an effort to mitigate potential long term losses, Arboretum Silverleaf Income Fund, L.P. (the "Fund") provided short term payment relief to nearly all of its obligors throughout 2020 in order to provide an opportunity for obligors to remain in business during these most challenging of times. Although most obligors have resumed making their pre-pandemic contracted payments, unfortunately, some of these companies have not survived the crisis thereby requiring the Fund to take action to mitigate and minimize the negative impact that arose from these situations. In certain instances, the Fund has had to repossess the equipment from these failed companies in order to remarket or enter into settlement agreements to limit the exposure for the Fund. These companies are outlined in the 'Other Assets' section of the report.

As of March 31, 2022, our portfolio consisted of:
